

## General Speech Evaluation

Speech Title: \_\_\_\_\_

Speaker Name \_\_\_\_\_

Speech Organization	Score out of 10	What did I see and hear that supports my score	Recommendations
Did the opening grab your attention. Did you know what the speech purpose was within 30 seconds. What was it? The points made in the speech all supported the speech's purpose. The transitions between the points were made smoothly. The conclusion logically supported the opening, the points and purpose of the speech. Did the speaker provide a good introduction to the meeting leader			

Gestures and Expressions	out of 10	What did I see and hear that supports my score	Recommendations
The speaker used appropriate gestures and expressions that supported their words. They used gestures to support direction, size, and number statements. They used expressions that supported the emotional content of what they were saying . Gestures could be seen within the zoom box. Eye contact was kept with the camera throughout the speech			

Use of Voice	Score out of 10	What did I see and hear that supports my score	Recommendations
Could you hear the speaker. Was the pace in line with what was being said ( fast and loud when appropriate and slow to match what is being said) Did the speaker speak too fast? Did the speaker use pauses for effect and between making different points. Did they pause enough to let people think?			

Appeal to the	Score out of	What did I see and hear that supports my score	Recommendations
---------------	--------------	--	-----------------

<b>Audience</b>	10		
		.	
Did audience members seem interested? Did the speaker ask audience members question(s) at the beginning . Did they ever ask another question during their speech. Was the speech just about themselves or was it about something the audience would be interested in?			

<b>Use of language</b>	Score out of 10	What did I see and hear that supports my score	Recommendations
Did the speaker use interesting language. Did they use words that were understandable to audience members and not too complex. Did they use interesting, expressions, metaphors and similes. Did they use good pronunciation. Did they use alliteration ( ask if you don't know what it means) Did the language support the mood of the speech.( scary, calm, informative)			

<b>Storytelling</b>	Score out of 10	What did I see and hear that supports my score	Recommendations
Did the speaker insert their own experiences and stories into the speech to support their message. Were the stories relevant to their overall message and purpose? Did the speaker put themselves into their speech.			

What was your overall impression of this speech? What is the MAIN thing the speaker could do next time to improve?
